

**8<sup>th</sup> Grade Religion** students at St. Patrick’s will expand upon knowledge gained in their 7<sup>th</sup> grade year. Students will study Salvation History in depth in order to better understand our relationship with God. The students will come to understand the many promises God made throughout Salvation History and how those promises are made manifest in the person of Jesus Christ and in His Church. The students will come to a greater understanding of the sacraments as a gift from God and as a direct connection to God. They will also understand that regular reception of the sacraments is extremely important. The students will study Christian morality on a deeper level and begin to understand why humans should be treated with dignity and what that means. While studying morality, students will have the chance to learn about virtues and how we attain them. Students will also come to a greater understanding of the universal call to holiness and what that means for us as Christians/Catholics today. Students will also come to a greater understanding of how to lead lives of Christian/Catholic leadership/discipleship, thus training the students how to continue to lead lives of Christian service outside school.
