

Kindergarten Religion - Kindergarten students at St. Patrick's School will strengthen their love of God and others by understanding that God created all people and all things. All that God created is good. He created people greatest among all other living and non-living things. All other things were created as a gift for us out of God's tremendous love for us. Jesus, God's own Son, was God's greatest gift to us! Students will learn that we are all created equal by God; therefore we are to love all people. Students will begin to develop an understanding of the Sacraments and the gifts we receive from them. Students will develop a formal and informal prayer relationship with God. Students will be aware that their everyday actions are to be holy.
